INDEX

In 1968 CANADIANA began producing its index by automated means. This made possible the production of regular cumulations of the Index. A quarterly cumulation, for the January to March issues, appears with the March issue. The June issue includes a semiannual cumulation, for January to June. In the October issue the quarterly cumulation is for the July-August to October issues. The annual cumulation provides an index to the ten issues of CANADIANA 1970.

This index applies to all six parts of CANADIANA and attempts to provide every type of specific entry under which a publication may be sought. It includes authors (personal and corporate), titles, added entries (i.e. associated names such as editors, joint authors, etc.) and series. It also includes cross references from headings not used and, where relevant, histories of corporate bodies occurring as authors. Cross references and added entries which in previous years were found in their alphabetical place throughout Parts IV, V and VI (Films and filmstrips and federal and provincial government documents) are now found in this Index and all six parts of CANADIANA now contain main entries only.

Index entries refer to the month, year and part of CANADIANA in which the main entry for the item sought is to be found, followed by the Dewey Decimal Classification number in the case of classified items. Thus, for Parts I, II and III reference is to the month, year and part, followed by the Dewey number, and the specific item sought will be found under the Dewey number subarranged alphabetically by entry. For Parts IV, V and VI, which are not classified, reference is to the month, year and part only and the item sought will be found in its alphabetical place by cataloguing entry. Detailed guidance for each part follows.

Part I Fully Catalogued and Classified Material

Reference is to the Dewey Decimal Classification number. Items are subarranged alphabetically by cataloguing entry. Classification numbers occur in the following order:

000-899	
F	Fiction, placed at the end of the 800 class
900-999	
j000-999	Juvenile classified section
jF	Juvenile fiction and picture books, placed at the end of the Juvenile section

Examples: Turek, V. Poles in Manitoba. Jan. 1968 Pt. 1 301.4519185071
(This item will be found in the January 1968 issue, Part I, under classification number 301.4519185071, subarranged alphabetically by the cataloguing entry, in this case the author: Turek, V.)

The hammering. Troop, R. Jan. 1968 Pt. 1 F
(This item will be found in the January 1968 issue, Part I, under classification F placed following the Dewey 800 class, subarranged alphabetically by the cataloguing entry, in this case the author: Troop, R.)

Part II Pamphlet File Material

Reference is to the principal classes of the Dewey Decimal Classification. Juvenile pamphlets are classed simply as J and are to be found at the end of the Dewey 900 class. Items are subarranged alphabetically by title.

Example: Petrie, G.A. *see* How to get the most out of the Canada Pension Plan. Jan. 1968 Pt. 2 360 (This item will be found in the January 1968 issue, Part II, under classification number 360, subarranged alphabetically by title: How to get the most out of the Canada Pension Plan)

Part III Microfilms

Reference is to the principal classes of the Dewey Decimal Classification. Items are subarranged alphabetically by cataloguing entry.

Example: Canadian theses on microfilm, no. 1218 *see* Boxill, H.F.A. The novel in English in the West Indies. Jan. 1968 Pt. 3 800
(This item will be found in the January 1968 issue, Part III, under classification number 800, subarranged alphabetically by cataloguing entry, in this case the author: Boxill, H.F.A.)

Part IV Films and Filmstrips Produced in Canada

This part is not classified and items will be found in alphabetical order by title.

Example: Manitoba Hydro *see* Challenge of the Nelson (*Motion picture*) Jan. 1968 Pt. 4 (This item will be found in the January 1968 issue, Part IV arranged alphabetically by its title: Challenge of the Nelson)

Part V Publications of the Government of Canada

This part is not classified and items will be found in two lists, English and French, arranged alphabetically by cataloguing entry (generally the department or issuing body, although entries may be also under personal author or, especially in the case of serials, under title).

Example: Federal government employment in metropolitan areas, September 1966. Canada. *Bureau of Statistics. Governments Division.* Jan. 1968 Pt. 5
(This item will be found in the January 1968 issue, Part V, English section, arranged alphabetically by cataloguing entry: Canada. *Bureau of Statistics. Governments Division*)

Part VI Publications of the Provincial Governments of Canada

This part is not classified. Reference is first to the province (the ten provinces are arranged in alphabetical order). Items are subarranged under each province alphabetically by cataloguing entry (generally the department or issuing body although entries may be also under personal author or, especially in the case of serials, under title). Quebec publications are arranged in two lists, English and French.

Example: Pye, E.G. Mineral deposits of the Big Duck Lake area, district of Thunder Bay *see* Ontario. *Dept. of Mines.* Preliminary report, P.R. 1961-1. Jan. 1968 Pt. 6 Ontario
(This item will be found in the January 1968 issue, Part VI, under Ontario, subarranged alphabetically by cataloguing entry: Ontario. *Dept. of Mines*)

INDEX

En 1968, CANADIANA commença à produire son index en ayant recours à l'automatisation. De cette façon, la production d'index récapitulatifs périodiques devint possible. Un index trimestriel, des livraisons de janvier à mars, parut dans la livraison d'avril. La livraison de juin comportait un index semestriel, soit de janvier à juin, et celle d'octobre, un index de juillet à octobre. L'index récapitulatif annuel réfère aux dix livraisons de CANADIANA 1970.

L'index sert aux six parties de CANADIANA et offre, autant que possible, toutes les entrées spécifiques sous lesquelles on peut chercher un ouvrage. Il contient des entrées aux auteurs (personnels et collectifs) et aux titres, des entrées secondaires (i.e. certains noms associés aux publications tels que les rédacteurs, coauteurs, etc.) et des entrées aux collections. L'index comprend aussi des renvois des formes non utilisées et dans certains cas l'historique des collectivités-auteurs. Les renvois et les entrées secondaires qui se trouvaient auparavant en ordre alphabétique dans leur propre partie, soit IV, V et VI (films et films fixes, documents fédéraux et provinciaux), se trouvent maintenant dans l'index. Les six parties de CANADIANA ne comprennent maintenant que les entrées principales.

L'entrée dans l'index réfère au mois, à l'année et la partie de CANADIANA dans laquelle se trouve la publication cataloguée, suivie de l'indice décimal Dewey lorsqu'il y a lieu. Donc, pour une publication de la partie I, II ou III, la référence est d'abord au mois, à l'année et la partie dans laquelle la notice apparaît, suivie de l'indice Dewey; ainsi, dans cette partie, la publication se trouvera sous l'indice, suivant l'ordre alphabétique de son entrée principale. Pour une publication des parties IV, V et VI qui ne sont pas classifiées, la référence est au mois, à l'année et la partie seulement et la publication requise se trouve dans l'ordre alphabétique selon son entrée. Des renseignements détaillés sur chaque partie suivent ci-dessous.

Première partie. Publications cataloguées et classifiées complètement

On réfère à l'indice de la classification décimale Dewey. Les publications sont classées par ordre alphabétique d'entrée sous l'indice Dewey. L'ordre de la classification se trouve comme suit:

000-899	
F	Ouvrages d'imagination placés à la fin de la classe 800
900-999	
j000-999	Ouvrages pour la jeunesse groupés systématiquement
jF	Romans, contes et livres d'images pour la jeunesse placés à la fin de la section des ouvrages pour la jeunesse

Exemples: Annuaire professionnel français. 1967. Janv. 1968 Ptie 1 380.025714281
(Cette publication se trouve dans la livraison de janvier 1968, dans la première partie sous l'indice Dewey 380.025714281, sous-classée par ordre alphabétique de l'entrée principale qui est dans ce cas-ci le titre: Annuaire professionnel français)

La création du monde. Cocagnac, A.M. Janv. 1968 Ptie 1 j220.9505
(Cette publication se trouve dans la livraison de janvier 1968, la première partie, section pour la jeunesse, sous l'indice Dewey j220.9505, sous-classés par ordre alphabétique de l'entrée principale qui est dans ce cas-ci l'auteur: Cocagnac, A.M.

Deuxième partie. Brochures

On réfère aux principales classes de la classification décimale Dewey. Les brochures pour la jeunesse sont désignées dans l'index par un J au lieu d'un indice Dewey et sont placées à la fin de la partie. Sous chaque indice, les brochures sont classées par ordre alphabétique de titres.

Exemple: Banque royale du Canada *voir* L'absurdité du gaspillage. Janv. 1968 Ptie 2 330 (Cette publication se trouve dans la livraison de janvier 1968, la deuxième partie, sous l'indice Dewey 330 et classee par ordre alphabétique de titre: L'absurdité du gaspillage)

Troisième partie. Microcopies

On réfère aux principales classes de la classification décimale Dewey. Les publications sont classées par ordre alphabétique d'entrée sous l'indice Dewey.

Exemple: Thèse canadienne sur microfilm, no 1229 *voir* Cyr, R.S. Le symbolisme du bestiaire de La légende des siècles de Victor Hugo. Janv. 1968 Ptie 3 800
(Cette publication se trouve dans la livraison de janvier 1968, la troisième partie, sous l'indice Dewey 800 et sous-classée par ordre alphabétique de l'entrée principale qui est dans ce cas-ci l'auteur: Cyr, R.S.)

Quatrième partie. Films et films fixes réalisés au Canada

Cette partie n'est pas classifiée et les ouvrages se trouvent par ordre alphabétique de titres.

Exemple: Chemins de fer nationaux du Canada *voir* Allons-y! (*Film cinématographique*) Janv. 1968 Ptie 4
(Cet ouvrage se trouve dans la livraison de janvier 1968, la quatrième partie, sous son titre: Allons-y!)

Cinquième partie. Publications du gouvernement du Canada

Cette partie n'est pas classifiée. Les publications se trouvent en deux listes, une anglaise et une française. Ces listes suivent l'ordre alphabétique d'entrée (généralement sous le ministère ou le corps administratif; en certains cas l'entrée peut être sous l'auteur personnel, ou, surtout lorsqu'il s'agit de périodiques, sous le titre)

Exemple: Statistique des écoles privées élémentaires et secondaires. 1966/67. Canada. *Bureau de la statistique. Division de l'éducation.* Janv. 1968 Ptie 5
(Cette publication se trouve dans la livraison de janvier 1968, la cinquième partie, section française, classée par ordre alphabétique d'entrée: Canada. *Bureau de la statistique. Division de l'éducation.*)

Sixième partie. Publications des gouvernements provinciaux du Canada

Cette partie n'est pas classifiée. On réfère premièrement à la province (les dix provinces sont classées par ordre alphabétique). Sous chaque province, les publications se trouvent en ordre alphabétique d'entrée (généralement sous le ministère ou le corps administratif; en certains cas l'entrée peut être sous l'auteur personnel, ou, surtout lorsqu'il s'agit de périodiques, sous le titre). Les publications du Québec comportent deux listes, une anglaise et une française.

Exemple: Région de Belleau-Desaulniers, comtés de Saint-Maurice, Maskinongé et Laviolette. Philpotts, A.R. *voir* Québec (*Province*) *Service de l'exploration géologique.* Rapport géologique, 127. Janv. 1968 Ptie 6 Québec
(Cette publication se trouve dans la livraison de janvier 1968, la sixième partie, sous Québec, liste française, classée par ordre alphabétique d'entrée: Québec (*Province*) *Service de l'exploration géologique.*)
